

Information for free guest tickets...

Free MATERIALICA Guest Tickets

MATERIALICA Guest-Tickets – the effective form of visitor-advertising!

Approximately 80% of all people who receive guest tickets visit the stand of the exhibitor that invited them. This is the reason, why we offer for all the exhibitors of MATERIALICA 2009 the unrestricted opportunity to invite all your costumers **free of charge** to MATERIALICA. Both your national and international costumers, potential new costumers and your suppliers; we welcome them and assure free access to MATERIALICA 2009.

- **What are the costs for you, as exhibitor and for your invited guests?**
The guest tickets are for both groups **free of charge**. You only have to pay the postage, in case you send printed tickets to your invited guests.
- **Which kind of tickets do we have?**
You can choose from two kinds of guest tickets. It depends on you which type of guest ticket you would like to use. Of course, you can use both kinds of tickets, and for example, invite a small group per post, and a bright group per E-Mail:

1. MATERIALICA e-Guest-Ticket – the electronic guest ticket: You can invite quickly and without any complications a lot of costumers with the e-Guest-Tickets to the MATERIALICA. After your application as a MATERIALICA exhibitor, you receive immediately an electronic guest tickets in PDF form from us. You can send these tickets via e-Mail to **as much** worldwide customers, **as you want**. The costumers only have to print and fill in this PDF format and take it with them to the fair. By showing the guest ticket at the cash desk on-site your guests get a free entrance ticket to the MATERIALICA.

The PDF is personalized, i.e. besides the company address and logo it also contains your stand number.

2. MATERIALICA Guest-Ticket – the printed guest ticket: You can invite large groups of national and international customers free of charge to your exhibition stand, together with e.g. a cover letter. The guest ticket is integrated into an informative visitor's brochure of MATERIALICA and introduces the fair. The guests have to show their tickets, which are filled in before, at cash desk on-site. After that they get a free entrance ticket to the MATERIALICA.

The printed guest ticket is personalized, i.e. besides the company address and logo it also contains your stand number.

Please, keep in mind that for the delivering incurred postage will be charged!
